Aria nuova.
/ *New air.*

Essenziale. Moderna. Funzionale.
/ *Essential. Modern. Functional.*

L'importanza dei materiali
/ *The importance of materials*

L'igiene nello studio ha la massima priorità. I nostri prodotti vengono realizzati in acciaio al carbonio, materiale inorganico, impermeabile, non poroso, riducendo la proliferazione di patogeni. Eventuali residui liquidi vengono eliminati con le normali operazioni di pulizia. Nella costante ricerca di miglioramento, selezioniamo materiali tecnici quali FENIX®, CORIAN®, vetro per rispondere alle esigenze di funzionalità, design e sostenibilità.

/ *Hygiene in the practice has the highest priority. Our products are made of carbon steel, an inorganic, waterproof and non-porous material, reducing the proliferation of pathogens. Liquid residues are eliminated with normal cleaning operations. Continuously looking for improvement, we select technical materials such as FENIX®, CORIAN® and glass to meet the needs of functionality, design and sustainability.*

e.04 / comp.01

Lo studio non è mai stato così bello.
Una collezione interamente pensata sotto
l'aspetto ergonomico e funzionale.

Le molteplici configurazioni di modularità,
colori, materiali, rendono la collezione e.04
il modello ideale per dare spazio alle tue idee,
per arredare gli ambienti professionali
in modo esclusivo e distintivo.

*/ The studio has never looked so good.
A collection entirely designed to assure
ergonomics and functionality.*

*The multiple configurations, colors, materials,
make the e.04 the right collection to give space
to your ideas, to make professional environments
exclusive and distinctive.*

e.04 / comp.02

Pensata per il professionista che vuole creare un ambiente dinamico e fuori dagli schemi. Ogni dettaglio della collezione e.04 è stato pensato per ottimizzare l'operatività quotidiana.

/ Designed for the professional who wants to create a dynamic, out-of-the-box studio. Every detail of the e.04 collection has been designed to optimize efficiency on a daily basis.

e.04 / comp.03

A fianco il colore Blu Genziana, il Bianco Traffico e piani di lavoro in Corian sono il perfetto abbinamento per questo ambiente dal tocco raffinato.

/ Alongside the color Blu Genziana, Bianco Traffico and Corian worktops are the perfect combination for this space with an elegant touch.

to e.Steril

e.Steril

La sterilizzazione è il cuore pulsante dello studio, molte volte defilata e in spazi che non le rendono giustizia.

Noi abbiamo pensato di farla diventare un ambiente bello e funzionale allo stesso tempo. La collezione e.steril è pensata per essere "messa in vetrina".

/ Sterilization is the beating heart of the studio, many times defiladed and in tight spaces.

We want to make it beautiful and functional at the same time. The e.steril collection is designed to be "showcased."

Progetto Ambiente

Progetto Ambiente

Profondo know-how del prodotto ed un gusto riconoscibile, questa la forte distinzione che caratterizza ogni progetto; una narrazione varia, perché "convenzionale", in edarredo, non esiste. Ci occupiamo direttamente della progettazione e della realizzazione di spazi professionali, operativi e di completamento, quali: studio, laboratorio, sala corsi, uffici, sale d'attesa, reception, spazi comuni e dedicati al personale della clinica.

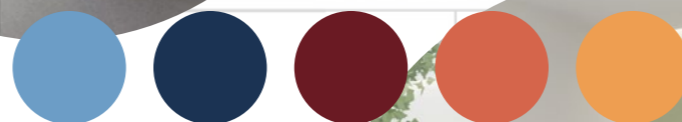

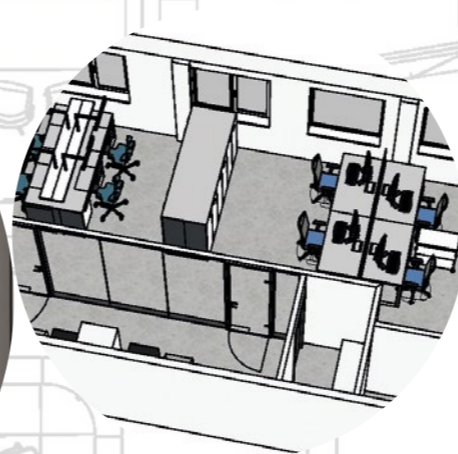

/ Deep product know-how and a recognizable taste, this is the strong distinction that characterizes each project; a varied narrative, because "conventional," in edarredo, does not exist. We handle the design and realization of clinic's professional, operational and complement spaces, such as: studio, laboratory, training room, offices, waiting rooms, reception, common and dedicated spaces for clinic staff.

Progetto Ambiente

Per garantire standard di progetto elevati e realizzare arredi "sartoriali", utilizziamo tecnologie all'avanguardia curando ogni singolo aspetto: dagli studi preliminari alla progettazione esecutiva.

/ To ensure high design standards and make "tailor-made" furniture, we use state-of-the-art technology by taking care of every single aspect: from preliminary studies to executive design.
